Gampaha, Western Province

Technical Skills

- Microsoft Office Suite
- Programming: C++, Java
- Database Management: MySQL
- Graphic Design: Advanced Photoshop
- Video Editing: Adobe Premiere Pro

Soft Skills

- Communication and teamwork
- Leadership and coordination
- Problem solving
- Fast learning and adaptability

Profile

As an MIT undergraduate, I am highly interested in analysis-focused roles and IT-driven problem-solving. I enjoy understanding data, improving processes, and contributing to tech-related projects. I am currently seeking an internship opportunity related to Management and Information Technology where I can apply my academic knowledge, programming skills, and creativity while continuing to grow professionally.

Experience

- Customer Care Executive – Wishwa Ads (Social Media Marketing Firm)

Projects

Hospital Theater Management System

- A university group project developed to streamline hospital theater operations.
- GitHub Repository: github.com/poru-03/Hospital_Theater_Management_System
